

LASCAS 2019

10th IEEE Latin American Symposium on Circuits and Systems
Armenia, Quindío, Colombia
February 24 - 27, 2019
ieee-lascas.org

LASCAS is the Flagship Conference of IEEE's Circuits and Systems Society in Latin America. Since its inception and first edition in 2010, LASCAS aims at presenting a high-quality forum for researchers and graduate students to present the advances of their work, admits an international audience with experts from all over the world. This 10th edition will take place in Armenia, Quindío, Colombia.

Armenia City is the capital of the department of Quindío. It is located in the Colombian region known as the coffee triangle. Since 2011, this region is recognized by the UNESCO as a world cultural heritage due to its exceptional landscapes that are the mixture of natural beautifulness and cultural traditions around the coffee growing. Different theme parks related to cultural and agricultural traditions are also located in the department of Quindío, which turns out the LASCAS 2019 an opportunity not only for academic exchange but also for knowing and enjoying the traditions around the coffee growing.

The symposium will cover novel technical developments, and offer tutorial overviews on topics related to circuits and systems including, but not limited to:

- Analog and Digital Signal Processing
- Nanoelectronics and Gigascale Systems
- Cellular Neural Networks and Array Computing
- Neural Systems and Applications
- Circuits and Systems for Communications
- Nonlinear Circuits and Systems
- Graph Theory and Computing
- Electronic Design Automation
- Power Systems and Power Electronic Circuits
- RF Circuits and Systems
- Intelligent Sensor Systems
- Visual Signal Processing and Communications
- Multimedia Systems and Applications
- Life Science Systems and Applications
- Biomedical Circuits and Systems
- VLSI Systems and Applications
- Systems on Chip
- Electronic Testing
- Fault Tolerant Circuits

Proceedings will be published by IEEE and will be available at IEEE Xplore. Best Papers will be invited to a special edition of the IEEE Transactions on Circuits and Systems I (TCAS-I).

Social Activities: Besides the technical program, a welcome reception and a gala dinner are planned. Visitors will have the opportunity to visit several tourist attractions.

General Chairs:

Johan Sebastian Eslava, UNAL, Colombia
Andrei Vladimirescu, ISEP, France, UC Berkeley, USA

Program Chairs:

Carlos Silva Cárdenas, PUC, Lima, Peru
Ángel Rodríguez Vásquez, IMSE, Spain

Important Dates

Special Session Proposal / Paper Submission / Tutorial Submission
October 3, 2018

Notification of acceptance
November 9, 2018

Camera-ready Submission
November 25, 2018
